In the face of the war in Ukraine, entrepreneurs willingly engage in various forms of assistance to refugees. Conducting fundraising and providing help to those in need

has consequences in terms of income tax and VAT.

During the webinar, we will explain how to settle the provision of aid for tax purposes, including the latest tax regulations introduced by the Act on Assistance to Ukrainian Citizens in Connection with an Armed Conflict in the Territory of that State.

Agenda:

1. Are the funds raised during the fundraising subject to taxation?
2. Donations to a public benefit organization
3. Donations and other gratuitous benefits provided directly to refugees
4. Can donations be charged to expenses or deducted from income?
5. Is the provided aid covered by VAT?
6. Do recipients of aid have to account for tax? Or maybe this company is a tax payer?
7. Summary

The meeting will be conducted by:
